Aim/role with respect to the transfer process	<p>The agency for innovation promotion and technology transfer gmbh leipzig (AGIL GmbH Leipzig) was founded in 1991 and is a wholly owned company of the IHK Leipzig.</p> <p>On behalf of the European Union, the federal government and the federal states, we support above all small and medium-sized technology-oriented companies and research institutions in their innovation and internationalization projects and bring together potential partners from business and science.</p> <p>As one of the most successful consulting agencies in Central Germany, we offer our customers with 15 employees a holistic range of services: We accompany you from the idea development to the market launch and support you in the acquisition of subsidies, project management, the protection of your intellectual property and the recycling of your products and processes.</p>

Transfer topics

SMEs can benefit from academic research and technology. We provide contacts of a large network of SMEs and research institutions in Saxony. We provide support for technology and knowledge transfer processes. Making contacts regarding partners (SMEs, academia) for new research and development activities. Identification of trends in relevant sectors and development of strategies on how to make use of them effectively. We have an interdisciplinary network consisting of companies, research institutions, universities and colleges. We support you in the exchange and in finding partners. You will receive advice on appropriate funding for your project. We provide information and advice on current technologies and trends. We are independent.
